JOHN SARVER ACCUSED  
Young Man Claimed to Have  
Used Beer Bottle - Tells  
Mother of Deed

Joshua Wyeth, aged about 46, of Monongahela, is dead, and John W. Sarver, Jr. also of Monongahela, accused of his murder, is being searched for. Wyeth died this morning at about 9 o'clock at the Memorial hospital from the results of a blow dealt by Sarver, it is said, during a drunken brawl. Sarver is about 24 years old and the son of John W. Sarver, Sr.

Both Wyeth and Sarver, it is said, belonged to a gang at Monongahela known as the "Alcohol Gang." According to the story told the members of the gang were across the river from Monongahela Friday afternoon engaged in their usual occupation of drinking. A quarrel arose, it is supposed, between Wyeth and Sarver, who had formerly been friends. Both were partly indicated it is stated. Sarver in a moment of fury picked up a beer bottle and using it as a weapon struck Wyeth a fearful blow under the left eye.

Wyeth fell to the floor unconscious while the sobered companions of the two gazed mutely at the scene. Sarver was the first to move, and he rushed to and out of the door. He returned towards Monongahela. Finally Dr. T. H. Murphy was called, and Sarver was sent to the hospital. Wyeth did not recover, consciousness it is said being lost.

Sarver went to the home of his mother in Monongahela. Entering the door he cried to her: "I've killed John. Wyeth."

With a smothered, gasping cry, she swooned to the floor. While the neighbors were called to the scene, a physician, the wayward young man went to the Main street, where he found his father. "I've killed John Wyeth," he said, "I've got some money so I can get away, I'm quoted as having declared."

"No," said the parent "I have no money for you, but get out. I don't want to see you again."

## Home Burned to the Ground

Dwelling of C. E. Williams  
Near Dickey School is  
Prey to Flames

Fire starting it is supposed from burning soot which fell on the roof of the house destroyed the dwelling of Mr. and Mrs. C. E. Williams near Dickey School, between North Charleroi and Monongahela Friday. Mrs. Williams discovered the flames and she telephoned for aid. A number of volunteers arrived but they were unable to save the burning building and it was entirely consumed. Some of the contents were saved. Insurance was carried on the house but there was none on the contents. The loss will be heavy.

## DELEGATES ELECTED

Methodists Select Six  
Ministers and Six Laymen  
Representatives

TO ATTEND CONFERENCE

Delegates to the quadrennial conference to be held at Minneapolis, Minn. by the Methodist Episcopal church, were named by the Pittsburgh conference at their third day's session, after an interesting contest resembling a political battle. There were six ministers and an alternate named and six laymen and three reserves. Rev. W. F. Conner, superintendent of the Pittsburgh district was first named of the ministers and James A. Huston head of the laymen delegates. Claud E. Townner, of Monongahela was appointed as a delegate from the Washington district, and W. F. Richardson of Bentleyville won the appointment as reserve delegate.

It was decided to hold the next annual conference at Blairsville. It is believed the assignments of pulpits will be handed down Monday but it is not thought there will be many changes of pulpits of churches in this vicinity.

## STEPS OFF PLATFORM AND GETS BAD FALL

Robert Craig, of Washington avenue, was injured in a fall while at work at the Macbeth-Evans Glass plant Friday evening at about 8:30 o'clock. Mr. Craig was engaged in loading a car when someone, alarmed by the approach of the shifting engine pulled the boards from the platform to the car away. Mr. Craig did not notice that the boards had been pulled away and stepped off the platform. He was painfully but not seriously hurt.

## DECISION EXPECTED

Matter of Mayor and  
Burgess Election Before  
Supreme Court

MAY HAVE LOCAL EFFECT

It is just barely possible that Charleroi may have a burgess and tax collector to elect at the November election after all, or else we may have a new burgess appointed by the court after the election, who would in that case serve the full term. All this hinges upon an expected decision of the State Supreme Court now in session in Pittsburgh.

This pending decision is the outcome of an appeal from a decision of the Allegheny county court, which rendered an opinion that a mayor for Pittsburgh and burgesses for the boroughs would not have to be elected this year. This decision, which was made by Judge Shafer and concurred in by Judge Haymaker of Allegheny county, followed a decision of Judge Davis of the same county, who held that municipal officers elected in 1909 did not hold over, as was intended by an act of Legislature in order to conform to the constitutional changes which switched the municipal elections from February to November.

Judge Davis' decision was rendered first, and it created a furore, as if his decision stood mayors and burgesses and tax collectors whose terms would have expired next April would have to be elected this year. This decision was made after all the nominations in Charleroi had been filed at the county commissioners' office, and it was only made known

## W. C. T. U. IN SESSION TODAY

Meeting of Pennsylvania Women's Union Begins  
at Warren

Represented from Charleroi by Mrs. Emma Dawson and Mrs. J. K. Mitchell the annual State convention of the Women's Christian Temperance Union is holding its sessions in Warren. It is a remarkable coincidence that the first W. C. T. U. in the State was organized in that town just 37 years ago, and the local organization is celebrating the anniversary, which is made a feature of the convention.

A number of recommendations were presented at the opening of the convention which will form the slogan of the W. C. T. U. of the State. Among these are:

That equal suffrage with men be granted to women; that railroads discontinue serving liquor on trains; that judges be elected who will refuse licenses; that the white slave traffic be fought; that a campaign be instituted against clubs which handle liquors and that a union be effected with other organizations to stop liquor traffic between States. These recommendations will form the slogan of the W. C. T. U. throughout the coming year.

Memorial services for the dead of the order were held and an especially touching address was given by Mrs. Emma Lain of the Potter county delegation for Mrs. Eva Glaspy, president of the Austin Union, who lost her life in the flood.

School Board Pays Bills.

A brief meeting of the school board was held Friday evening at which time the most important business taken up was the payment of a few bills. Other matters of interest to the schools were discussed.

## ORGANIZER IS WANTED

Sharper Said to Have  
Collected Money  
Then Left

TO JOIN ORDER OF OWLS

An organizer of the Owls lodge, who worked in this section getting signatures of members for a lodge to be formed at Charleroi and other places, is claimed to have decamped taking with him the money which he collected from the members-to-be. It is stated that he was here only a few weeks ago, but it took quite a while to discover the fact that he had gone.

Among the victims was Mike Kearns, of Manown. Apparently the organizer was working in that section together with Charleroi and when he struck Kearns, he had obtained signatures of 56 men to join and \$5 from each as the fee. This would make \$280 and it is not known how many more he victimized. Kearns was in Charleroi Friday and told his story. He said that the alleged organizer was F. F. Barnett.

Investigations by Kearns and others of Manown after Barnett had failed to either show up established the fact it is said that not only had Barnett failed to return here but he had also neglected to turn in the money collected. Mr. Kearns has been constituted one of a committee to try to get the grand lodge to honor the receipts they have paid for the initiation fee to the missing organizer, as a membership fee in some other lodge, and he came to Charleroi to learn if a lodge was to be instituted here. He thinks well of the order, and is anxious to see a lodge instituted.

## IN BIG LEAGUE; IS NEWS TO ALL

Charleroi Supposed to Have  
Place in Central Basketball Circuit

Nobody locally seems to know anything about the scheme of the Central League to have a basketball team placed here to fill out the circuit but "dope" concerning the team is forthcoming from the league headquarters. Maybe the Central League expects to do all the supporting. The following is a news item published in the Uniontown Morning Herald: "According to information received from reliable authority the members of last year's Uniontown basketball team will be shifted to Charleroi the coming season. In that list are Eddie Ferat, Jimmie Brown, Jack Adams, Kinkaide, Duke Penino, Peifer and Allie Brown. It is said that Smith will be retained to act as utility center and forward. Eddie Ferat will captain the Charleroi team. He will take active charge about November 1 when the players will report at Charleroi."

Trip to Country.

A number of women of the Methodist Episcopal church took a trip to the home of Mrs. S. E. Rodgers, in Fallowfield township Thursday and enjoyed the day there as guests of Mrs. Rodgers.

Dynamited House.

After receiving three letters demanding money, to which she paid no attention, Mrs. Joseph Barbella of Washington had her store and residence badly damaged by dynamite early this morning. The outrage is supposed to be the work of Black Handers.

Several Churches Join in Baptist Rally Held at  
Riverview

Rev. D. L. Schultz, the labor evangelist of the Baptist church of Pennsylvania, made an address at the sixth group rally of the Baptist Young People of a number of churches of the Monongahela valley, held at Riverview Friday evening. Rev. Schultz told of the work being done by the young people and also described his duties as labor evangelist. There was a singing contest and a Library choir took honors. Presidents of the several societies composing the group made addresses. Attending from Charleroi were Mr. and Mrs. D. C. Whitlatch, and daughter Dorothy and S. R. Hawkins.

## TO BUILD NEW HOME

Marianna to be Equipped with \$20,000 Municipality Building

PLANS FOR STRUCTURE

The new model mining town of Marianna is to have a municipal building that will cost \$20,000. Plans have been prepared and it is stated that the construction will be rushed through as rapidly as possible. The new building will contain council chambers and ample room is provided for all other departments connected with a building of this kind. There will be an office for the tax collector, clerk of councils, chief of the police department, and chief of the fire department. Special provisions will be made for the burgess and the building will be large enough for any additional offices necessary.

## CHRISTIAN TEAM HOLDS BANQUET

As a fitting climax to a fairly successful season, the members of the Christian church base ball team held a banquet Friday evening at the Busy Bee Restaurant. It was an informal affair, and much enjoyed by the members of the team ten of whom were present. Reminiscences and anecdotes of the baseball field were told.

Miss Wickerham Entertains.

Members of the Bachelor Girls' club of Charleroi and a number of friends were entertained by Miss Margaret Wickerham at her home at Eldora Friday evening. Interesting diversions were provided by the hostess and a most enjoyable evening was spent.

Stated That \$3,000,000  
Will be Spent in  
This County

ONE SITE AT DUNLEVY

Mining Towns to be Included  
In the Improvement Plan  
of Big Company

A small news item in a Pittsburgh newspaper states that the H. C. Frick company, which recently purchased about 9,000 acres of coal lands belonging to the Pittsburgh Coal company and its affiliated concern, the Monongahela River Consolidated Coal and Coke company, would expend \$3,000,000 in the construction of a large block of coke ovens attracted much attention. Possibly the largest block of coal land purchased by the H. C. Frick company was that adjacent to Charleroi, taking in the old Red Bird mine of the Pittsburgh Coal company.

The statement in the Pittsburgh paper this morning bears the marks of being authentic. It is to the effect that 3,000 coke ovens of the most modern type will be constructed to be put into immediate use. Included in the development will be the building of new mining towns. Incidentally the Frick company would begin their first coke operation in Washington county.

If the H. C. Frick company is to expend \$3,000,000 on coke ovens, the site will probably be one of two places, on the site recently purchased to the south of Charleroi, or in the Pigeon Creek valley. Inasmuch as the tract adjacent to Charleroi was plotted and surveyed first and is the largest it would seem that the Frick people would establish their workings in this vicinity first. There is probably no better location for coke ovens than the Dunlevy bottom near Beechwood park. If the ovens would be built there, either the old Red Bird opening would probably be enlarged, or an entirely new opening be made from which to take coal.

It was thought at the time the deal was closed for the coal lands that the coal in this section would be conserved for future use, but indications now seem to point in another direction.

## TO LEAVE HERE ON EARLY CAR

Members of the Holy Name society of St. Jerome's church and their friends who will go to Pittsburgh tomorrow to take part in the big Holy Name parade are requested to take the car at the corner of Seventh street and McKean avenue, which leaves at 11:15. This will give members of the society ample time to attend any of the masses at St. Jerome's church and reach Pittsburgh in time to take part in the parade. The procession starts at 1:30 and it is expected 30,000 members of the Holy Name society will be in line.

Mrs. David H. Glunt went to McKeesport today for a visit.

## THE PEOPLE WIN.

Whatever may be the result of the election in November, the primaries have brought about a movement for better civic conditions and better county government. Several issues were unearthed in the scramble for the nominations, which revealed reprehensible conditions that needed to be remedied. These were discussed and threshed out by the people, and the various candidates affected have made pledges which cannot very well be ignored.

One of these was the need of better business methods in the handling of the county funds. The law presupposes that all the functions of a treasurer is to receive and pay out public money, and that as this money is derived mainly by taxation, no more will be collected than is necessary to meet current expenses. Experience, however, develops as many and as deep business complications as are experienced by a private corporation, and the need of as careful business executive ability is just as imperative in the conduct of county affairs as in private transactions. The people are alive to this fact, and have demanded that the same care and attention be given the handling of the public funds as in private matters. Unfortunately unscrupulous private interests have taken advantage of the literal mandate of the law to divert thousands of dollars to their own profit. This will now be changed, and while there is still danger that private interests will seek to profit by the use of the public money, such a procedure is under the ban, and public sentiment is aroused against it.

Another civic gain is the nomination of a new board of poor directors by the dominant party. The old board proved incompetent and negligent to its trust, and on the broad grounds of common humanity a change was demanded. The primary election was no doubt a timely safeguard, the prospect of which it is possible, had an effect in the action of the grand jury that investigated the charges of cruelty and neglect made against the Children's Home. The result of the primary insures at least a change for the better. It is also quite probable that the expenditure of public funds will be watched more closely, and that the welfare of the taxpayer will be better safeguarded than in the past. The people are demanding the application of business methods to the public business and the taxpayers are also realizing that they are the county.

## WORKS WELL.

Although the factional fight for the Republican nominations in Allegheny county and Pittsburgh for political supremacy by the Oliver and Magee forces attracted much attention in Charleroi, each side having partisans in this community, general satisfaction is expressed that the nine councilmen appointed by Gov. Tener after the passage of the new charter act by the last session of the Legislature were nominated on all tickets. This particularly insures their election and the movement in the direction of better municipal government will be given a decided im-

petus. The defeat of the Magee faction generally in Allegheny county is satisfactory to those interested in civics, as the latter is a politician of the old school who seeks to control the party organization for the power and prestige it brings.

With the direct primary law in operation party control and dictation have been given a severe jolt in this State. Just as Mayor Magee expected that he had a hard and fast organization that could not be broken, he gets his slate badly shattered at the primary election, and only captures two of the county nominations. These in all likelihood would have been elected anyhow without the mayor's support, as the voters have the say instead of the bosses. Unless the latter can control the nominations it is impossible to hold a machine together, and the one who is successful one year is likely to be relegated to the scrap heap the next.

The primary law is expressing the will of the people pretty generally, and if it does not bring good results in some districts it is because civic pride and virtue is at a low ebb there. When the people nominate the candidates the bosses have got to go along with the people instead of the people with the bosses. This is as it should be.

## ELECTRIC SPARKS

It's sometimes the bluff instead of the man that pulls a candidate through.

We will now listen to the song "Every Little Movement has a Meaning of its Own," while some of the political leaders make a noise like shuffling money.

It looks like foolishness for a man to start out to make walking records when he has the opportunity to ride.

The desire to pit one's wits against another's in a political fray is inborn in man and he can't help it if he does get in wrong occasionally.

## PICKED UP IN PASSING

In one of the most prominent educational institutions of Pittsburgh is an instructor who is recognized as one of the topnotchers in his class. Like all other men who have achieved fame in one way or another, he came from "the timber." Away back in his boyhood days he attended the "deestric" school, where children were not supposed to be spoiled because the rod was never spared. Every instructor in the little red school house had a supply of birch gads laid across a couple of nails driven in the wall over the pedagogic desk and it was a cold day when some young hopeful didn't get his jacket tanned. This was considered a necessary part of school discipline and there were no suits before the justice for assault and battery when some smart kid got walloped. Indeed, in most fam-

ilies there was a code of ethics that if a child got whipped at school he got another at home in order to sustain the teacher.

One day at school the educator referred to was called to account for some dereliction, but the matter was adjudicated without recourse to the rod. Just as the lad was called up on the floor by the teacher, some younger pupils were dismissed, and thinking that the culprit was due for a flogging, one of these children on the way home informed the boy's father that "Tom got a lickin' in school."

Awaiting the arrival of the young hopeful from school a little later the parent grasped him by the collar, and without giving the boy a chance to speak, administered the flogging that was due after one at school. Later, when he found out that Tom hadn't been "licked" at school, and the boy thought he had a just grievance for the unmerited flogging, the parent consoled him by saying: "Well, it doesn't come amiss. If you didn't need it now you will later on."

"Here's a good one for your Pick-Up in Passing column," said a Charleroi man, who proceeded to relate a story about an old colored man and a white neighbor who were engaged in a religious controversy over the doctrine of election.

The negro believed in election, but his white neighbor was inclined to the belief that a man could escape the consequences of his sins and omissions by repenting even at the eleventh hour. Finally, when the argument waxed warm the white man said:

"Well, Mose, do you believe that I'm elected for final salvation?"

"Deed, no, boss, you're not elected because you're not been a candidate."

# Among the Theatres

## THE PALACE—CHARLEROI.

"The Pathe Weekly Bulletin" is a feature that is eagerly awaited at the Palace Theatre each week. In this Manager R. L. Barnhart fully carries out his pact to produce "something new every day or two," where he first opened his popular theatre. This week's Bulletin gave life motion pictures of some of the stirring events of the world's work. Both Europe and America were drawn upon to complete the bulletin, which was a living symposium of what is going on in all quarters of the globe. A striking photoplay showed the awful effects of circumstantial evidence. Two men quarrel and fight and then make up and shake hands. A boy sees the start and runs for the police. Before the police arrive one of the men dives into the water to take a swim. He is caught by the swirl, swept under a wharf into the lair of river thieves, who shanghai him in order to conceal their rendezvous. He lands in another part of the country, where he marries and settles down as a farmer. In the meantime the other man is arrested for murdering his companion with whom the boy says him struggling. He is sentenced to imprisonment for life, and is only pardoned 30 years later when his condition is learned by his supposed victim. Miss Helen Atwill continues to charm the audiences with her singing, and this feature is one of the greatest drawing cards of the Palace.

## THE STAR—CHARLEROI.

Patrons of the Star Theatre had a rare repertoire of photoplays to entertain them this week. Among the films which charmed the big audiences were "The Voice of Conscience," "A Daughter of Dixie," "The Western Doctor's Peril," "The White Chief," "O'er Grim Fields Scarred," "The Moth," "The Patched Shoe," and others. These depicted about every phase of human emotion that thrills the average audience, and all were well pleased with the selection as the crowded houses attest. The Star is a cozy rest place in the afternoon for out of town women shoppers to drop into, and its popularity in this respect is growing each week. The films are changed every day, and Manager Tom Cowan has something new in store for his patrons every time he opens his doors to the public.

## THE GRAND—PITTSBURG.

Recruited from the grand opera organization of Europe the Romany Opera Company, which plays an engagement in the vaudeville show at the Grand beginning next Monday afternoon, October 9, consists of 18 solo voices, under the leadership of Alexander Bevan, of Covent Garden. The singers, when presenting either solo or ensemble numbers, appear in the costumes of the party they are playing and amid appropriate stage investiture. Their repertoire is so extensive that it may be varied at every performance, including excerpts from Pagliaccio, Il Trovatore, Martha, Lucia di Lammermoor, Le Prophete, The Flying Dutchman, Lohengrin, etc. Intermingled with these are a variety of folk songs making each day's program of sufficient breadth and variety to please all classes of music-lovers. The program for the ensuing week covers a wide range of vaudeville acts of the very best class. Lolo, the mystic Indian maid, is a particularly interesting feature. This young woman is full blooded Sioux Indian and her performance consists of telepathic readings and demonstrations of a sixth sense or second sight. She is but eighteen years of age and yet is gifted beyond that of any other person now before the public in her particular line. The famous Aurora Troup of European cyclists play their first engagement at the Grand and introduce their sensational specialty of riding

upside-down on a revolving table. The College Trio appears for the first time at the Grand in a skit entitled "The Rehearsal." Will Rodgers, the first and foremost of all lariat throwers, will appear after an absence of several years. A number of other acts and motion pictures complete Manager Davis' program.

## THE ALVIN—PITTSBURG.

Blanche Ring, who has set the nation's feet to tapping with her catchy songs, such as "Yip-I-Addy" and "Rings on Her Fingers," comes to the Alvin Theatre for one week beginning next Monday evening. She has a sparkling new musical comedy "The Wall Street Girl," which bids fair to surpass all her previous successes. It is by Margaret Nayo, author of "Baby Mine," and Edgar Selwyn, who wrote "The Country Boy." The lyrics are by Hapgood Burt, a writer of many popular songs, and the music by Karl Hoschna, composer of "Madame Sherry" and "Three Twins."

The story is that of Jimmie Greene daughter of a Wall street broker. Her father, disappointed in not having a son, has brought up his daughter more as a boy than a girl. She enters his Wall street office and soon takes charge of his brokerage business. After her father has turned down a gold-mining proposition, she takes it up and buys a half interest in the mine. How the mine saves the firm from failure and how "Jimmie," as she is called, falls in love with her mining partner is worked out in a consistent and interesting manner.

Miss Ring will have a half dozen good songs, among them being "In Wall Street," "Deedle-Dum-Dee," "Bad Man's Land," "I Want a Regular Man" and "My Irish Girl." Then too, there will be a large and well trained chorus of captivating girls, Harry Gilfoil is featured in the chief comedy role. William P. Carleton, Clarence Oliver, Charles Winninger, and Cross and Josephine are a few of those who are well known. There will be the usual matinees.

ORDINANCE No. 50.

Regulating the opening and making excavations in any of the paved streets, avenues or alleys of the Borough.

Be it enacted by the Town Council of the Borough of North Charleroi, and it is hereby enacted by the authority of the same:

Section 1.—That from and after the enactment of this ordinance, no person, persons, company or corporation shall be permitted to tear up, open or make excavation in any paved street, avenue or alley of the borough, or any part thereof, without first having obtained permission in writing from the Secretary of the Borough so to do.

Section 2.—That any person de-

## The Fuel Supply Needs Attention Only Three Times Each Day

The makers of Cole's Hot Blast Heater guarantee this stove to hold fire with soft coal 36 hours without attention. Your old stove and imitation stoves leak air and waste fuel because they are not air-tight, because they have gummy joints.

## Cole's Original Hot Blast Heater

—by means of the patented Hot Blast Draft and other patented features which make it tight, doing away with the use of stove putty—requires less attention than any other heater made.

All fuel—Soft Coal, Hard Coal, Lignite, Wood or Corn Cobs—contains a large amount of gas. Fully one-half of the heating power (carbon) in soft coal is gas. This is the part of the fuel this wonderful heater saves, by burning it with the Top Hot Blast Draft. This makes Cole's Hot Blast Heater the most satisfactory, the most economical, the most convenient heater you can buy. Imitations and other styles of stoves allow this gas-half of the coal to pass up the chimney with the smoke, unburned.

Thousands of these stoves are in use and the sale continues to increase year after year.

This heater will give you more comfort than you ever thought possible by using any kind of a stove which uses soft coal for fuel.

Right now is the time to decide and select the size you should have. Come in and see complete line of styles and sizes.

## FREE TO YOU—MY SISTER

## Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment to any woman who writes me about her sufferings. I want to tell you about my daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure. It cures for Leucorrhoea or White Discharge, Menstrual Disorders, Pains in the Back, Pelvic Inflammation, Headaches, Nervousness, Indigestion, Stomach Troubles, and all other ailments of women. I want to send you a complete day's treatment free to prove to you that you can cure yourself at home, easily, quickly, and surely. Remember, that I will not ask you to pay for the treatment until you are cured. If you give the treatment a complete trial, and if you feel better, I will send you the rest of the treatment for your case, entirely free. In plain wrapper, I will send you the treatment for your case, entirely free. I will also send you free of cost, my book, "Woman's Own Medical Advisor," with explanatory illustrations showing why women suffer, and how they can cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says, "You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all of the following: Green Discharge, Painful or Irregular Menstruation in young Ladies, Pimples and health always results from it. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this home treatment really cures all women's ailments and makes them well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, so you may not see this offer again. Address MRS. M. SUMMERS, Box 100, Notre Dame, Ind., U.S.A.

## PLATFORM ADOPTED BY THE COMMITTEE

Platform of County Republicans.  
Republican Party.

The Republican party, ever since its organization, has been a party of construction, meeting every problem of government without evasion; and steadily moving forward in the light of reason and progress, to the solution of all the complex questions of modern affairs. Whether it has been tried in the nation the state or in local matters, the party has shown its ability to govern in the interests of the whole people, and the confidence reposed in it have always been justified by the results.

Governor John K. Tener.

It is with pleasure that we congratulate the people of Washington County upon having furnished the Commonwealth a governor, who in his every official act, has aimed to keep his promises to the people, and whose administration will be known as one of the best in the history of the state. We declare our faith and confidence in Governor John K. Tener and pledge his administration our cordial support.

Improved Highways.

It is a pleasure to look forward to the early completion in Washington County of a system of improved highways, connecting important towns as well as traversing the agricultural sections. It is more than gratifying that these improvements have been brought about solely by the Republican Party, giving still further evidence of its progressive spirit, and its constructive policies. We declare in favor of continued road improvement, with the state and county working together in harmony for the immediate construction of continuous highways, wide enough for passing vehicles, well maintained and for their use.

Interest on Public Funds.

We declare unequivocally in favor of the payment of interest on all public monies. We are opposed to the levying of taxes to create a surplus, and demand that annual levies shall not exceed annual needs. In the administration of the public financial affairs there should never be a surplus above the amounts required for early expenditures, but the people should be allowed to use their money, according to their own judgment, until it is actually needed for public business.

Publicity.

Recognizing the fact that public officers are servants of the people, we declare without reservation, in favor of the utmost publicity in the administration of all public affairs and in the transaction of all official business. It is the right of the taxpayer to be fully informed of the progress of public matters and to demand from his servants a full accounting of all official acts.

Salaries.

We believe that the fee system in public office is unsatisfactory and has no place in the plan of modern government. We renew our declaration of previous years in favor of salaries for all public officers. Instead of fees, and invite the co-operation of all citizens in bringing about this result.

Unnecessary Taxes.

We declare in favor of the repeal of the mercantile tax and also of the burdensome taxes on horses and cattle. Thrift and industry should be encouraged at all times and the Republican party believes in the appeal of all taxes that interfere with the progress of the people or unnecessarily increase the cost of living.

Assessments.

We demand of the officials of the county an equitable valuation of all taxable property and especially do we insist that the burdens of taxation shall not fall heaviest upon the small holder, but shall be distributed with absolute equality. We believe that one of the most important problems confronting the American people today is that of equality in taxation and that the only hope of a satisfactory solution of the question rests with the Republican party.

Payment of Taxes.

The plan of semi-annual payment of taxes having been tried in other counties and having proved advantageous we recommend to the serious consideration of the Legislature the making general of the provisions of a law therefore.

Pledge of Support to Ticket.

The Republican electors of the county have again justified the principles of the "Uniform Primary Law," enacted by a Republican Legislature, by the election of candidates representative of the highest intelligence of the party. We pledge them our united support at the November election and predict an overwhelming Republican victory.

## KALBFUS GIVES

FEW DIRECTIONS OF OPEN SEASON

Secretary Joseph Kalbus of the Pennsylvania Game Commission has issued a brief statement from Harrisburg for the information of hunters. He calls attention to the fact that the open season for wild turkeys, quail, ruffed grouse (commonly called pheasant), squirrels and rabbit begins November 1, instead of October 15, as heretofore.

Secretary Kalbus refers to the delay in the issue of the pamphlet, known as "The Fish, Game and Forestry Laws," and explains that the press of work and some unexpected complications are responsible. It will be ready he says about October 15 and copies will be sent to applicants as soon as possible after that date. This pamphlet, he adds, is of value to hunters, as it contains information with regard to the open and closed seasons for game, etc.

advice and went. It is thought he caught a passing freight train and is now well away from the vicinity. The Allegheny county and the Washington county authorities have both taken up the matter, and Coroner James T. Heffran of this county has been notified. Sarver and Wyeth were both well known characters. Wyeth had no family but several of his brothers live in the Monongahela vicinity. His body was taken to Bebout's undertaking rooms.

Sarver lived with his mother. Ever since he was a boy he has been continually getting into trouble. Now he is under \$1,000 bail charged with impersonating an officer. He was for a time an inmate of Huntingdon Reformatory. His father and mother are parted, Mrs. Sarver having secured a divorce from her husband, who, it is said, was like his son somewhat of a worthless character. The tragedy has caused a profound sensation in Monongahela.

**A Great Difference.**  
In a spread-eagle speech on the immortality of the soul, an orator exclaimed: "I looked at the mountains, and could not help thinking, 'Beautiful as you are, you will some day be destroyed, while my soul will not.' Then I gazed upon the ocean, and cried out, 'Mighty as you are, you will some day dry up, but I never will!'"

## DECISION EXPECTED

(Continued from first page.)

on the last day that nominations could be filed in order to insure the printing of the names on the primary ballots. Some lively hustling followed, and petitions for candidates for burgess and tax collector and extra councilmen were hastily gotten up and sent over to Washington. The same methods were employed in Pittsburgh and in all the large boroughs around here.

Later Judges Shafer and Haymaker held that the act extending the term of these offices 19 months would stand, and the commissioners decided not to print the names of burgesses and tax collector on the primary ballots. An appeal was taken from the decision of the Allegheny court, however, and this is now pending in the session of the Supreme Court which is being held in Pittsburgh. It is stated that legal opinion is about equally divided as to the merits of the case, some eminent lawyers holding that the mayor and burgesses should be elected this fall and some holding that they should not.

There is also much speculation as to when the decision will be rendered. Some are of the opinion that the court will not hand down an opinion until after election, while some expect that it may be given at any time. In case the Supreme Court should reverse the decision of Judges Shafer and Haymaker, and decide that the mayor and burgesses should be elected this fall, stickers would probably have to be used, as it would likely be too late to have the names printed on the official ballots. If such a decision were to be rendered after the election, the court will be called upon to make the appointment of burgess to fill the vacancy that would occur next April.

The matter is attracting much interest and politicians generally are on the qui vive, anxiously awaiting developments.

## ONE MAN LOSES LIFE FROM DRUNKEN BRAWL

**Joshua Wyeth Dies at Hospital Few Hours After Affair**

**JOHN SARVER ACCUSED**  
**Young Man Claimed to Have Used Beer Bottle - Tells Mother of Deed**

Joshua Wyeth, aged about 46, of Monongahela, is dead, and John W. Sarver, Jr. also of Monongahela, accused of his murder, is being searched for. Wyeth died this morning at 9 o'clock at the Memorial hospital from the results of a blow by Sarver, it is said, during a drunken brawl. Sarver is about 24 years old and the son of John W. Sarver, Sr.

Joshua Wyeth and Sarver, it is said, were engaged to a gang at Monongahela known as the "Alcohol Gang." According to the story told the members of the gang were across the river from Monongahela Friday afternoon engaged in their usual occupation of drinking. A quarrel, it is supposed, between Wyeth and Sarver, who had formerly been friends. Both were partly intoxicated, it is stated. Sarver in a moment of fury picked up a bottle of beer and using it as a weapon he struck Wyeth a fearful blow under the eye.

Wyeth fell to the floor unconscious while the sobbing companions of the two gazed mutely at the scene. Sarver was the first to move, and he ran to and out of the door. He returned towards Monongahela. Finally, T. H. Murphy was called, and attending the injured man went to the hospital. Wyeth did not recover consciousness it is said before death.

Sarver went to the home of his father in Monongahela. Entering the door he cried to her: "I've killed John Wyeth." She, a smothered, gasping cry, swooned to the floor. While the neighbors were called to the scene, Sarver with a physician, the young man went to the Main street, where he found his father. He said, "I've killed John Wyeth. Give me some money so I can get away." he is quoted as having said.

Sarver's father said the parent "I have no money for you, but get out. I don't want to see you again." Sarver, it is said, possibly young Sarver took the money.

## LD FOLLOWS MOTHER TO GRAVE

Robert Anderson, aged 11 months, died today, the daughter of the late Sarah Simcox Anderson. She died at home of her grandparents, and Mrs. Samuel Simcox, Sr., 27 Fallowfield avenue, Friday afternoon at 2 o'clock. The funeral services were held on Monday afternoon at 2 o'clock at the Episcopal church. The burial will be in the Monongahela cemetery. Mrs. Anderson, the mother, died a few months ago. The father, James Anderson, it is stated, he died.

## Home Burned to the Ground

**Dwelling of C. E. Williams Near Dickey School is Prey to Flames**

Fire starting it is supposed from burning soot which fell on the roof of the house destroyed the dwelling of Mr. and Mrs. C. E. Williams near Dickey School, between North Charleroi and Monongahela Friday. Mrs. Williams discovered the flames and she telephoned for aid. A number of volunteers arrived but they were unable to save the burning building and it was entirely consumed. Some of the contents were saved. Insurance was carried on the house but there was none on the contents. The loss will be heavy.

## DELEGATES ELECTED

**Methodists Select Six Ministers and Six Laymen Representatives**

**TO ATTEND CONFERENCE**

Delegates to the quadrennial conference to be held at Minneapolis, Minn. by the Methodist Episcopal church, were named by the Pittsburgh conference at their third day's session, after an interesting contest resembling a political battle. There were six ministers and an alternate named and six laymen and three reserves. Rev. W. F. Conner, superintendent of the Pittsburgh district was first named of the ministers and James A. Huston head of the laymen delegates. Claude E. Townner, of Monongahela was appointed as a delegate from the Washington district and W. F. Richardson of Bentleyville won the appointment as reserve delegate.

It was decided to hold the next annual conference at Blairsville. It is believed the assignments of pulpits will be handed down Monday but it is not thought there will be many changes of pulpits of churches in this vicinity.

## STEPS OFF PLATFORM AND GETS BAD FALL

Robert Craig, of Washington avenue, was injured in a fall while at work at the Macbeth-Evans Glass plant Friday evening at about 8:30 o'clock. Mr. Craig was engaged in loading a car when someone, alarmed by the approach of the shifting engine pulled the boards from the platform to the car away. Mr. Craig did not notice that the boards had been pulled away and stepped off the platform. He was painfully but not seriously hurt.

## DECISION EXPECTED

**Matter of Mayor and Burgess Election Before Supreme Court**

**MAY HAVE LOCAL EFFECT**

It is just barely possible that Charleroi may have a Burgess and tax collector to elect at the November election after all, or else we may have a new Burgess appointed by the court after the election, who would in that case serve the full term. All this hinges upon an expected decision of the State Supreme Court now in session in Pittsburgh.

This pending decision is the outcome of an appeal from a decision of the Allegheny county court, which rendered an opinion that a mayor for Pittsburgh and burgesses for the boroughs would not have to be elected this year. This decision, which was made by Judge Shafer and concurred in by Judge Haymaker of Allegheny county, followed a decision of Judge Davis of the same county, who held that municipal officers elected in 1909 did not hold over, as was intended by an act of Legislature in order to conform to the constitutional changes which switched the municipal elections from February to November.

Judge Davis' decision was rendered first, and it created a furor, as it his decision stood mayors and burgesses and tax collectors whose terms would have expired next April would have to be elected this year. This decision was made after all the nominations in Charleroi had been filed at the county commissioners' office, and it was only made known.

## W. C. T. U. IN SESSION TODAY

**Meeting of Pennsylvania Women's Union Begins at Warren**

Represented from Charleroi by Mrs. Emma Dawson and Mrs. J. K. Mitchell the annual State convention of the Women's Christian Temperance Union is holding its sessions in Warren. It is a remarkable coincidence that the first W. C. T. U. in the State was organized in that town just 37 years ago, and the local organization is celebrating the anniversary, which is made a feature of the convention.

A number of recommendations were presented at the opening of the convention which will form the slogan of the W. C. T. U. of the State. Among these are:

That equal suffrage with men be granted to women; that railroads discontinue serving liquor on trains; that judges be elected who will refuse licenses; that the white slave traffic be fought; that a campaign be instituted against clubs which handle liquors and that a union be effected with other organizations to stop liquor traffic between States. These recommendations will form the slogan of the W. C. T. U. throughout the coming year.

Memorial services for the dead of the order were held and an especially touching address was given by Mrs. Emma Lain of the Potter county delegation for Mrs. Eva Glaspy, president of the Austin Union, who lost her life in the flood.

### School Board Pays Bills.

A brief meeting of the school board was held Friday evening at which time the most important business taken up was the payment of a few bills. Other matters of interest to the schools were discussed.

## ORGANIZER IS WANTED

**Sharper Said to Have Collected Money Then Left**

**TO JOIN ORDER OF OWLS**

An organizer of the Owls lodge, who worked in this section getting signatures of members for a lodge to be formed at Charleroi and other places, it is said, had been taking with him the money which he collected from the members-to-be. It is stated that he was here only a few weeks ago, but it took quite a while to discover the fact that he had gone.

Among the victims was Mike Kearns, of Manown. Apparently the organizer was working in that section together with Charleroi and when he struck Kearns, he had obtained signatures of 36 men to join and \$5 from each as the fee. This would make \$280 and it is not known how many more he victimized. Kearns was in Charleroi Friday and told his story. He said that the alleged organizer was F. F. Barnett.

Investigations by Kearns and others of Manown after Barnett had failed to either show up established the fact it is said that not only had Barnett failed to return here but he had also neglected to turn in the money collected. Mr. Kearns has been constituted one of a committee to try to get the grand lodge to honor the receipts they have paid for the initiation fee to the missing organizer, as a membership fee in some other lodge, and he came to Charleroi to learn if a lodge was to be instituted here. He thinks well of the order, and is anxious to see a lodge instituted.

## IN BIG LEAGUE; IS NEWS TO ALL

**Charleroi Supposed to Have Place in Central Basketball Circuit**

Nobody locally seems to know anything about the scheme of the Central League to have a basketball team placed here to fill out the circuit but "dope" concerning the team is forthcoming from the league headquarters. Maybe the Central League expects to do all the supporting. The following is a news item published in the Uniontown Morning Herald: "According to information received from reliable authority the members of last year's Uniontown basketball team will be shifted to Charleroi for the coming season. In that list are Eddie Ferat, Jimmie Brown, Jack Adams, Kinkaide, Duke Penno, Peffer and Allie Brown. It is said that Smith will be retained to act as utility center and forward. Eddie Ferat will captain the Charleroi team. He will take active charge about November 1 when the players will report at Charleroi."

### Trip to Country.

A number of women of the Methodist Episcopal church took a trip to the home of Mrs. S. E. Rodgers, in Fallowfield township Thursday and enjoyed the day there as guests of Mrs. Rodgers.

### Dynamited House.

After receiving three letters demanding money, to which she paid no attention, Mrs. Joseph Barbella of Washington had her store and residence badly damaged by dynamite early this morning. The outrage is supposed to be the work of Black Handers.

Roy James, who is attending the Pittsburgh Academy, is home to spend Sunday with his parents, Mr. and Mrs. W. S. James of Sixth street.

Mr. and Mrs. Ralph Roney of Washington are visiting E. E. Roney, and family of Washington avenue.

Rev. D. L. Schultz, the labor evangelist of the Baptist church of Pennsylvania, made an address at the sixth group rally of the Baptist Young People of a number of churches of the Monongahela valley, held at Riverview Friday evening. Rev. Schultz told of the work being done by the young people and also described his duties as labor evangelist. There was a singing contest and a Library choir took honors. Presidents of the several societies composing the group made addresses. Attending from Charleroi were Mr. and Mrs. D. C. Whitlatch, and daughter Dorothy and S. R. Hawkins.

## TO BUILD NEW HOME

**Marianna to be Equipped with \$20,000 Municipality Building**

**PLANS FOR STRUCTURE**

The new model mining town of Marianna is to have a municipal building that will cost \$20,000. Plans have been prepared and it is stated that the construction will be rushed through as rapidly as possible. The new building will contain council chambers and ample room is provided for all other departments connected with a building of this kind. There will be an office for the tax collector, clerk of councils, chief of the police department, and chief of the fire department. Special provisions will be made for the Burgess and the building will be large enough for any additional offices necessary.

## CHRISTIAN TEAM HOLDS BANQUET

As a fitting climax to a fairly successful season, the members of the Christian church base ball team held a banquet Friday evening at the Busy Bee Restaurant. It was an informal affair, and much enjoyed by the members of the team ten of whom were present. Reminiscences and anecdotes of the baseball field were told.

### Miss Wickerham Entertains

Members of the Bachelor Girls' club of Charleroi and a number of friends were entertained by Miss Margaret Wickerham at her home at Eldora Friday evening. Interesting diversions were provided by the hostess and a most enjoyable evening was spent.

**Mining Towns to be Included in the Improvement Plan of Big Company**

A small news item in a Pittsburgh newspaper states that the H. C. Frick company, which recently purchased about 9,000 acres of coal lands belonging to the Pittsburgh Coal company and its affiliate concern, the Monongahela River Consolidated Coal and Coke company, would expend \$3,000,000 in the construction of a large block of coke ovens attracted much attention. Possibly the largest block of coal land purchased by the H. C. Frick company was that adjacent to Charleroi, taking in the old Red Bird mine of the Pittsburgh Coal company.

The statement in the Pittsburgh paper this morning bears the marks of being authentic. It is to the effect that 3,000 coke ovens of the most modern type will be constructed to be put into immediate use. Included in the development will be the building of new mining towns. Incidentally the Frick company would begin their first coke operation in Washington county.

If the H. C. Frick company is to expend \$3,000,000 on coke ovens, the site will probably be one of two places, on the site recently purchased to the south of Charleroi, or in the Pigeon Creek valley. Inasmuch as the tract adjacent to Charleroi was plotted and surveyed first and is the largest it would seem that the Frick people would establish their workings in this vicinity first. There is probably no better location for coke ovens than the Dunlevy bottom near Beechwood park. If the ovens would be built there, either the old Red Bird opening would probably be enlarged, or an entirely new opening be made from which to take coal.

It was thought at the time the deal was closed for the coal lands that the coal in this section would be conserved for future use, but indications now seem to point in another direction.

## TO LEAVE HERE ON EARLY CAR

Members of the Holy Name society of St. Jerome's church and their friends who will go to Pittsburgh tomorrow to take part in the big Holy Name parade are requested to take the car at the corner of Seventh street and McKean avenue, which leaves at 11:15. This will give members of the society ample time to attend any of the masses at St. Jerome's church and reach Pittsburgh in time to take part in the parade. The procession starts at 1:30 and it is expected 30,000 members of the Holy Name society will be in line.

## THE PEOPLE WIN.

Whatever may be the result of the election in November, the primaries have brought about a movement for better civic conditions and better county government. Several issues were unearthed in the scramble for the nominations, which revealed reprehensible conditions that needed to be remedied. These were discussed and threshed out by the people, and the various candidates affected have made pledges which cannot very well be ignored.

One of these was the need of better business methods in the handling of the county funds. The law presupposes that all the functions of a treasurer is to receive and pay out public money, and that as this money is derived mainly by taxation, no more will be collected than is necessary to meet current expenses. Experience, however, develops as many and as deep business complications as are experienced by a private corporation, and the need of as careful business executive ability is just as imperative in the conduct of county affairs as in private transactions. The people are alive to this fact, and have demanded that the same care and attention be given the handling of the public funds as in private matters. Unfortunately unscrupulous private interests have taken advantage of the literal mandate of the law to divert thousands of dollars to their own profit. This will now be changed, and while there is still danger that private interests will seek to profit by the use of the public money, such a procedure is under the ban, and public sentiment is aroused against it.

Another civic gain is the nomination of a new board of poor directors by the dominant party. The old board proved incompetent and negligent to its trust, and on the broad grounds of common humanity a change was demanded. The primary election was no doubt a timely safeguard, the prospect of which it is possible, had an effect in the action of the grand jury that investigated the charges of cruelty and neglect made against the Children's Home. The result of the primary insures at least a change for the better. It is also quite probable that the expenditure of public funds will be watched more closely, and that the welfare of the taxpayer will be better safeguarded than in the past. The people are demanding the application of business methods to the public business and the taxpayers are also realizing that they are the county.

## WORKS WELL.

Although the factional fight for the Republican nominations in Allegheny county and Pittsburgh for political supremacy by the Oliver and Magee forces attracted much attention in Charleroi, each side having partisans in this community, general satisfaction is expressed that the nine councilmen appointed by Gov. Tener after the passage of the new charter act by the last session of the Legislature were nominated on all tickets. This practically insures their election and the movement in the direction of better municipal government will be given a decided im-

petus. The defeat of the Magee faction generally in Allegheny county is satisfactory to those interested in civics, as the latter is a politician of the old school who seeks to control the party organization for the power and prestige it brings.

With the direct primary law in operation party control and dictation have been given a severe jolt in this State. Just as Mayor Magee expected that he had a hard and fast organization that could not be broken, he gets his slate badly shattered at the primary election, and only captures two of the county nominations. These in all likelihood would have been elected anyhow without the mayor's support, as the voters have the say instead of the bosses. Unless the latter can control the nominations it is impossible to hold a machine together, and the one who is successful one year is likely to be relegated to the scrap heap the next.

The primary law is expressing the will of the people pretty generally, and if it does not bring good results in some districts it is because civic pride and virtue is at a low ebb there. When the people nominate the candidates the bosses have got to go along with the people instead of the people with the bosses. This is as it should be.

## ELECTRIC SPARKS

It's sometimes the bluff instead of the man that pulls a candidate through.

We will now listen to the song "Every Little Movement has a Meaning of its Own," while some of the political leaders make a noise like shuffling money.

## PICKED UP IN PASSING

In one of the most prominent educational institutions of Pittsburgh is an instructor who is recognized as one of the topnochers in his class. Like all other men who have achieved fame in one way or another, he came from "the timber." Away back in his boyhood days he attended the "deestrick" school, where children were not supposed to be spoiled because the rod was never spared. Every instructor in the little red school house had a supply of beech or birch gads laid across a couple of nails driven in the wall over the pedagogic desk and it was a cold day when some young hopeful didn't get his jacket tanned. This was considered a necessary part of school discipline and there were no suits before the justice for assault and battery when some smart kid got walloped. Indeed, in most fam-

ilies there was a code of ethics that if a child got whipped at school he got another at home in order to sustain the teacher.

One day at school the educator referred to was called to account for some dereliction, but the matter was adjudicated without recourse to the rod. Just as the lad was called up on the floor by the teacher, some younger pupils were dismissed, and thinking that the culprit was due for a flogging, one of these children on the way home informed the boy's father that "Tom got a lickin' in school."

Awaiting the arrival of the young hopeful from school a little later the parent grasped him by the collar, and without giving the boy a chance to speak, administered the flogging that was due after one at school. Later, when he found out that Tom hadn't been "licked" at school, and the boy thought he had a just grievance for the unmerited flogging, the parent consoled him by saying: "Well, it doesn't come amiss. If you didn't need it now you will later on."

"Here's a good one for your Picked Up in Passing column," said a Charleroi man, who proceeded to relate a story about an old colored man and a white neighbor who were engaged in a religious controversy over the doctrine of election. The negro believed in election, but his white neighbor was inclined to the belief that a man could escape the consequences of his sins and omissions by repenting even at the eleventh hour. Finally, when the argument waxed warm the white man said:

"Well, Mose, do you believe that I'm elected for final salvation?"

"Deed, no, boss, you're not elected becase you're not been a candidate."

## HIDDEN DANGERS

Nature Gives Timely Warnings That No. Charleroi Citizen Can Afford To Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the danger of dropsy and Bright's disease. Doan's Kidney Pills are endorsed by thousands. Here's Charleroi proof: Mrs. Thomas Christopher, 117 Look-out avenue, Charleroi, Pa., says: "Some years ago a member of my family complained of a dull ache in the small of his back and other symptoms of kidney trouble. Doan's Kidney Pills, procured at Piper Bros' Drug Store were finally used and they brought prompt relief. I am always willing to give this remedy my endorsement."

## PLATFORM ADOPTED BY THE COMMITTEE

### Platform of County Republicans— Republican Party.

The Republican party, ever since its organization, has been a party of construction, meeting every problem of government without evasion and steadily moving forward in the light of reason and progress, to the solution of all the complex questions of modern affairs. Whether it has been tried in the nation the state or in local matters, the party has shown its ability to govern in the interests of the whole people, and the confidence reposed in it have always been justified by the results.

#### Governor John K. Tener.

It is with pleasure that we congratulate the people of Washington County upon having furnished the Commonwealth a governor, who in his every official act, has aimed to keep his promises to the people, and whose administration will be known as one of the best in the history of the state. We declare our faith and confidence in Governor John K. Tener and pledge his administration our cordial support.

#### Improved Highways.

It is a pleasure to look forward to the early completion in Washington County of a system of improved highways, connecting important towns as well as traversing the agricultural sections. It is more than gratifying that these improvements have been brought about solely by the Republican Party, giving still further evidence of its progressive spirit, and its constructive politics. We declare in favor of continued road improvement, with the state and county working together in harmony for the immediate construction of continuous highways, wide enough for passing vehicles, well maintained and for their use.

#### Interest on Public Funds.

We declare unequivocally in favor of the payment of interest on all public monies. We are opposed to the levying of taxes to create a surplus, and demand that annual levies shall not exceed annual needs. In the administration of the public financial affairs there should never be a surplus above the amounts required for early expenditures, but the people should be allowed to use their money according to their own judgment, until it is actually needed for public business.

#### Publicity.

Recognizing the fact that public officers are servants of the people, we declare without reservation, in favor of the utmost publicity in the administration of all public affairs and in the transaction of all official business. It is the right of the taxpayer to be fully informed of the progress of public matters and to demand from his servants a full accounting of all official acts.

#### Salaries.

We believe that the fee system in public office is unsatisfactory and has no place in the plan of modern government. We renew our declaration of previous years in favor of salaries for all public officers. Instead of fees, and invite the co-operation of all citizens in bringing about this result.

#### Unnecessary Taxes.

We declare in favor of the repeal of the mercantile tax and also of the burdensome taxes on horses and cattle. Thrift and industry should be encouraged at all times and the Republican party believes in the appeal of all taxes that interfere with the progress of the people or unnecessarily increase the cost of living.

#### Assessments.

We demand of the officials of the county an equitable valuation of all taxable property and especially do we insist that the burdens of taxation shall not fall heaviest upon the small holder, but shall be distributed with absolute equality. We believe that one of the most important problems confronting the American people today is that of equality in taxation and that the only hope of a satisfactory solution of the question rests with the Republican party.

#### Payment of Taxes.

The plan of semi-annual payment of taxes having been tried in other counties and having proved advantageous we recommend to the serious consideration of the Legislature the making general of the provisions of a law therof.

#### Pledge of Support to Ticket.

The Republican electors of the county have again justified the principles of the "Uniform Primary Law," enacted by a Republican Legislature, by the election of candidates representative of the highest intelligence of the party. We pledge them our united support at the November election and predict an overwhelming Republican victory.

### Take Notice

The other day a man came in the store, and said "Give me another pair of them Co-Operative shoes, if you haven't got them, don't show me anything else, I'd rather have you send for a special pair. I have tried, honest, every shoe sold in this town, from the most unknown to the most bragged about, but never did I have as satisfactory a pair as this Co-Operative I have on my feet, and I want another pair".

This is not the first or only token of appreciation of our efforts to please our customer in selling them the best made shoes at the most reasonable prices.

We carry the best made lines in ladies', men's and children's shoes and sell them reasonable.

We study our business night and day in order to get the best to satisfy our customers with.

Be one of our satisfied customers, try the store that is known for its honest and square dealing.

### KALBUS GIVES

### FEW DIRECTIONS

### OF OPEN SEASON

Secretary Joseph Kalbus of the Pennsylvania Game Commission has issued a brief statement from Harrisburg for the information of hunters. He calls attention to the fact that the open season for wild turkeys, quail, ruffed grouse (commonly called pheasant), squirrels and rabbit begins November 1, instead of October 15, as heretofore.

Secretary Kalbus refers to the delay in the issue to the pamphlet, known as "The Fish, Game and Forestry Laws," and explains that the press of work and some unexpected complications are responsible. It will be ready he says about October 15 and copies will be sent to applicants as soon as possible after that date. This pamphlet, he adds, is of value to hunters as it contains information with regard to the open and closed seasons for game, etc.

### ONE MAN LOSES LIFE IN DRUNKEN BRAWL

(Continued from first page.)

advice and went. It is thought he caught a passing freight train and is now well away from the vicinity. The Allegheny county and the Washington county authorities have both taken up the matter, and Coroner James T. Heffran of this county has been notified. Sarver and Wyeth were both well known characters. Wyeth had no family but several of his brothers live in the Monongahela vicinity. His body was taken to Bebout's undertaking rooms.

Sarver lived with his mother. Ever since he was a boy he has been continually getting into trouble. Now he is under \$1,000 bail charged with impersonating an officer. He was for a time an inmate of Huntingdon Reformatory. His father and mother are parted, Mrs. Sarver having secured a divorce from her husband, who, it is said, was like his son somewhat of a worthless character. The tragedy has caused a profound sensation in Monongahela.

**A Great Difference.**  
In a spread-eagle speech on the immortality of the soul, an orator exclaimed: "I looked at the mountains, and could not help thinking: Beautiful as you are, you will some day be destroyed, while my soul will not. Then I gazed upon the ocean, and cried out: 'Mighty as you are, you will some day dry up, but I never will!'"

### DECISION EXPECTED

(Continued from first page.)

on the last day that nominations could be filed in order to insure the printing of the names on the primary ballots. Some lively hustling followed, and petitions for candidates for Burgess and tax collector and extra councilmen were hastily gotten up and sent over to Washington. The same methods were employed in Pittsburgh and in all the large boroughs around here.

Later Judges Shafer and Haymaker held that the act extending the term of these offices 19 months would stand, and the commissioners decided not to print the names of burgesses and tax collector on the primary ballots. An appeal was taken from the decision of the Allegheny court, however, and this is now pending in the session of the Supreme Court which is being held in Pittsburgh. It is stated that legal opinion is about equally divided as to the merits of the case, some eminent lawyers holding that the mayor and burgesses should be elected this fall and some holding that they should not.

There is also much speculation as to when the decision will be rendered. Some are of the opinion that the court will not hand down an opinion until after election, while some expect that it may be given at any time. In case the Supreme Court should reverse the decision of Judges Shafer and Haymaker, and decide that the mayor and burgesses should be elected this fall, stickers would probably have to be used, as it would likely be too late to have the names printed on the official ballots. If such a decision were to be rendered after the election, the court will be called upon to make the appointment of Burgess to fill the vacancy that would occur next April.

The matter is attracting much interest and politicians generally are on the qui vive, anxiously awaiting developments.
